**Notice of Inventory Completion for
Native American Human Remains from
Hawaii in the Possession of the
University of Kansas, Museum of
Anthropology, Lawrence, KS**

AGENCY: National Park Service, Interior.
ACTION: Notice.

Notice is hereby given in accordance with provisions of the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3003 (d), of the completion of an inventory of human remains from Hawaii in the possession of the Museum of Anthropology, University of Kansas, Lawrence, KS.

A detailed assessment of the human remains was made by Museum of Anthropology professional staff in consultation with representatives of *Hui Mālama I Nā Kūpuna 'O Hawai'i Nei*.

Prior to 1947 human remains representing three individuals were donated to the Museum of Anthropology by Mr. L.A. Walworth. No known individuals were identified. There are no associated funerary objects.

Accession records list these human remains as being collected from the "battle field of 1820, Isle of Kanai (sic), belonging to the O'ahu tribe, Hawaii." Representatives of *Hui Mālama I Nā Kūpuna 'O Hawai'i Nei* indicate that Native Hawaiian were involved in a battle on the island of Kaua'i in 1825, not 1820. Documentation on this battle is mentioned in, *Ruling Chiefs of Hawaii* by Samuel M. Kamakau, The Kamehameha Schools Press, Honolulu, 1992.

Based on the above mentioned information, officials of the Museum of Anthropology, University of Kansas have determined that, pursuant to 43 CFR 10.2 (d)(1), the human remains listed above represent the physical remains of three individuals of Native American ancestry. Officials of the Museum of Anthropology have also determined that, pursuant to 25 U.S.C. 3001 (2), there is a relationship of shared group identity which can be reasonably traced between these Native American human remains and *Hui Mālama I Nā Kūpuna 'O Hawai'i Nei*, the Office of Hawaiian Affairs and the Kauai/Nihau Island Burial Council.

This notice has been sent to officials of *Hui Mālama I Nā Kūpuna 'O Hawai'i Nei*, the Office of Hawaiian Affairs and the Kauai/Nihau Island Burial Council. Representatives of any other Native Hawaiian organization that believes itself to be culturally affiliated with these human remains should contact Mary Adair, Museum of Anthropology, University of Kansas, Lawrence, Kansas 66045; telephone (913) 864-4245 before November 15, 1996. Repatriation of the human remains to *Hui Mālama I Nā Kūpuna 'O Hawai'i Nei*, the Office of Hawaiian Affairs, and the Kauai/Nihau Island Burial Council may begin after that date if no additional claimants come forward.

Dated: October 10, 1996,

Francis P. McManamon,
*Departmental Consulting Archeologist,
Manager, Archeology and Ethnography
Program.*

Administration

**Notice of Determinations Regarding
Eligibility To Apply for Worker
Adjustment Assistance and NAFTA
Transitional Adjustment Assistance**

In accordance with Section 223 of the
Trade Act of 1974, as amended, the
Department of Labor herein presents
summaries of determinations regarding
eligibility to apply for trade adjustment
assistance for workers (TA-W) issued
during the period of September, 1996.

In order for an affirmative
determination to be made and a
certification of eligibility to apply for
worker adjustment assistance to be
issued, each of the group eligibility
requirements of Section 222 of Act must
be met.

(1) That a significant number or
proportion of the workers in the
workers' firm, or an appropriate
subdivision thereof, have become totally
or partially separated,

(2) That sales or production, or both,
of the firm or subdivision have
decreased absolutely, and

(3) That increases of imports of
articles like or directly competitive with
articles produced by the firm or
appropriate subdivision have
contributed importantly to the
separations, or threat thereof, and to the
absolute decline in sales or production.

**Negative Determinations for Worker
Adjustment Assistance**

In each of the following cases the
investigation revealed that criterion (3)
has not been met. A survey of customers
indicated that increased imports did not
contribute importantly to worker
separations at the firm.
